# IDEAL APPLICATIONS

**BEVERAGE BODY** 

fleet technology

## INSIGHT – BUSINESS INTELLIGENCE IS HERE

#### MAPPING:

See all your assets on a single map with animated vehicle history trails

#### CUSTOMIZABLE ALERTS:

DEF Level, Speeding, Idle Time and more.

#### REPORTING:

Customized and standard reports including miles per state, fuel economy, and manual regeneration monitoring.

#### GEOFENCING

Get alerts when a truck has entered or departed from a designated area.

#### DRIVER MONITORING:

Including excessive speeding, harsh braking and acceleration.

#### HINO BENCHMARKS:

Compare your fleet to similar fleets in your region or nationally.

#### REMOTE DIAGNOSTICS

#### DTC NOTIFICATION:

Instant notification of DTC's as they happen.

#### DIAGNOSIS:

Severity coding that provides the information to take action. Know if you can safely continue your work day or need to immediately get it to the nearest Hino Dealer.

#### REPORTING:

Diagnostic data from time of fault sent to your selected service provider, so they are prepared when your truck arrives.

#### MAINTENANCE REMINDERS:

Preventative Maintenance reminders based on your actual mileage.

#### CASE MANAGEMENT

#### INTEGRATED COMMUNICATIONS:

Three way communication between you, your Dealer and Hino Trucks.

#### CHANNEL FLEXIBILITY:

Communicate how you like: Phone call, text, or email. Respond to a text message and it is logged into the case history.

#### ESTIMATETRACKING & APPROVAL:

Receive estimates right to your email and approve with a click of a button.

#### SERVICE STATUS ALERTS:

Receive real-time alert during the repair process, such as: Checked in, In Service, Awaiting Approval, Ready for pickup.

#### INTEGRATED RECORD KEEPING:

Historical Record of Maintenance for record keeping and resale.
