EXHIBIT INFORMATION

COME SEE WHAT THE INDUSTRY BUZZ IS ALL ABOUT

Now in its 4th year, Green Fleet Conference and Expo is the biggest, most sought-after event boasting the most extensive gathering of **Fleet Managers** in the Green arena.

Each year, GFC's exhibit space has increased to meet exhibitors' demand. In 2011, the Exhibit Hall will be double the size of last year's space!

Also, back by popular demand is the GFC **Ride & Drive Event** which gives attendees the ability to test drive vehicles and get practical experience with your products from behind the wheel! Add the Ride & Drive Event to your exhibit package to pack a big GFC punch!

The Green Fleet Conference attendee and speaker roster has developed into a who's who in the world of fleet managers. Exhibiting at Green Fleet Conference helped grow our customer base and reinforced our position as an industry leader.

-Todd Mouw, ROUSH CleanTech

Exhibit at Green Fleet Conference and Expo, the only "brick and mortar" shop for car and truck fleet managers of environmentally-friendly vehicles.

EXHIBIT INFORMATION

BENEFIT FROM OUR AUDIENCE OF FLEET MANAGERS

IT'S A FACT

- As an exhibitor at the Green Fleet Conference, you will have vast brand exposure in the months leading up to the event, and face-to-face interaction with prospects who are serious about running a clean fleet.
- The Green Fleet Conference is designed and dedicated to uniting suppliers and buyers for the purpose of building a future with cleaner, more efficient fleets.
- Past Green Fleet Conferences have grown exponentially each year since inception—we've added "& Expo" to the show name to encompass the growing exhibit hall.
- Backed by respected magazines including the newly launched *Green Fleet*, *Automotive Fleet*, *Government Fleet*, *Business Fleet*, *Fleet Financials*, *Work Truck*, and *LCT* as well as the industry's heavy hitters and national associations - the Green Fleet Conference & Expo is a marketing powerhouse for building a premier audience of fleet managers—your customer base!
