

International Affiliate Speed Meet
Tuesday, January 26, 2010
2:00 PM – 4:00 PM

Modeled after the modern speed-dating phenomenon, the Affiliate Speed Meet will be a quick-fire introduction between networks and operators looking for referral business. Meet the perfect match for your business needs!

How it Works

Networks headquartered outside of the U.S. (those with business to give) will be stationed around the room staffed by their affiliate managers or other top-level personnel.

Each round will permit operators (those looking for business through referrals) to introduce themselves to the networks.

Once the event begins, each operator will circulate to each table to introduce themselves and their company. When the buzzer sounds the operator will move to the next network table.

After each round, we'll take a break and get ready for the next group of operators.

Signing Up

Operators (looking for business)

- We will be signing interested attendees up for the Affiliate Speed Meet onsite only.
- Spots will be given out on a first-come first-served basis. Basically, the earlier you arrive at the International LCT Show the better chance you have of getting a spot. Sorry, no "savesies" or pre-reservations under any circumstances, so don't ask!
- One person per company.
- Each person must be present to reserve a spot. Others can not reserve a space for you on your behalf.
- There is no additional fee, but you must be registered for a Full Show Pass to participate. One-Day Only Passes are not permitted to attend. Suppliers, Exhibit Hall Only Passes and Exhibitors are not qualified to participate.
- Bring business cards! Business cards are the means by which the networks will track your information. There will not be time to write down your contact information.

Networks (have business to give)

If you would like a network table, you must agree to these stipulations:

- There is no fee for the table, but your company's table staff must purchase a Full Show Pass. We strongly recommend two qualified company personnel staff members to have the most effective one-on-one interactions with the operators visiting your table.
- You must own/be in control of and maintain a fleet of vehicles and regularly give out referral and/or farm-out business.
- You can't share with another operation or company. One table per company.
- Your company must be headquartered in the U.S.

Network tables will be assigned prior to the International LCT Show. Tables will only be available onsite should a network drop out at the last minute.

If you would like to reserve a table, please complete the attached form. Questions, please contact Darcie Benard at (800) 652-7007 x 17.
