SAVE MONEY

You can save money by placing your orders by 5PM PST twenty-one (21) calendar days prior to the show opening date. Full payment must be included to receive advance rates. Orders received after the cut-off will be invoiced at the show site rate where applicable.

Orders may be mailed to: Sands Expo & Convention Center
 Order Processing Department
 201 Sands Avenue
 Las Vegas, NV 89169

Orders may be faxed to: 702-733-5568
 Please indicate total number of pages faxed to ensure complete order was received.

SEND ACCURATE INFORMATION

It is very important that we receive accurate and detailed information. Where indicated, please complete installation date requirements, labor dates, and all other pertinent information. If your booth number changes prior to event move-in, please notify SECC in writing with your company name, prior booth number, and new booth number. We also request that you send us a floorplan indicating where you require any electrical service; telecommunication services; and compressed air, water, and drain requirements. If you are placing orders for hanging applications, we will need more detailed prints for this service.

ALLOW US TO ASSIST YOU

If you have questions regarding any of our services that we did not adequately address in this service brochure or on any of the forms, please feel free to contact our offices for additional information. You can call us at: 702-733-5070. We are pleased to assist you with all of your on-site services.

EXHIBIT SPACES

There are three major types of exhibit space (or booth types) used at trade shows, conventions, and events. You will find these types of booths mentioned in several of the service forms you will be completing. The following are the standard installations for electrical; Internet; compressed air, water, and drain service; and telecommunication service:

Standard installation for services are as indicated above. Line (in-line) booths and peninsula booths will have electrical outlets, telephone lines, and compressed air, water, and drain outlets placed at the back of the booth. For island booths, you should send a floorplan which indicates the one main location for your services. If no floorplan is received for island booths, we will designate the center of the booth (or another location at our discretion) as the primary location. Changes in service location and multiple locations for service will be charged the appropriate time and materials rate.

- Labor between the hours of 8:00AM and 5:00PM, Monday through Friday will be at the Straight Time rate, except for holidays.
- Labor to disconnect will be based on one-half (1/2) of the installation time and will be automatically applied to your invoice.

- Starting time may only be guaranteed in those cases where electrical labor begins at 8:00AM for move-in only (requires a minimum of 48-hour notice to ensure request). Not available on show days.
- A minimum charge per booth of one hour for installation will apply to all booths requiring labor. Labor to disconnect will be based on one-half (1/2) of the installation time and will be automatically applied to your invoice.

EXHIBITOR GUIDELINES

- Neither SES nor the Sands Expo & Convention Center (SECC) is responsible for voltage fluctuation or power failure due to temporary conditions or loose connections. For your protection, you should install a surge protector or over/under voltage protector on your computer or other equipment as necessary. Installations and connections to all electrical service should be made by SES personnel. SES will not be responsible for any damage or loss of equipment, component, computer hardware or software, and/or any injury to any person caused by the installation or connection into any electrical outlet by persons other than SES personnel.
- Electricity will be live within 30 minutes of show opening and turned off within 30 minutes of show close.
- Twenty-four hour service to any outlet will be at double the listed price and can only be guaranteed before show opening with advance arrangements for date needed.
- All electrical outlets will be installed on the floor at the back wall of in-line booths and peninsula spaces. It is the exhibitor's responsibility to provide access for electrical outlets and electrical panels which may need to be serviced during the operation of the show. Outlets which are overloaded by the exhibitor will be reset one time as a courtesy. Prior to the resetting of the electrical circuit, the exhibitor will have this opportunity to purchase additional power or agree to operate within the limits of his original circuit purchase. If the circuit needs to be reset a second time, a one hour labor charge will be incurred at the appropriate rate.
- To prevent overloading of circuits, exhibitors cannot add wattage except as ordered. All outlets for lighting are provided by SES. Column and/or wall outlets are not a part of exhibitor booth space. A separate outlet must be ordered for each piece of equipment to be connected.

Continued on next page

EXHIBITOR GUIDELINES (continued)

- All wiring, motors, electrical installations, etc. must be approved. Exhibitor's equipment should be properly tagged and wired with full information as to current, voltage, phase, cycle, horsepower, etc. and ready for connection.
- All halogen lights must have a safety lens or shield over the lamp/bulb.
- IMPEDAMPS (blue electrical box for the purpose of delivering electric service) should only be purchased from SES/SECC. IMPEDAMPS can be purchased on-site at the SES/SECC Customer Service Window. SES/SECC will not be responsible or liable for any damage or loss of equipment, component, computer hardware or software, loss of service or revenue, and/or any injury to any person caused by an electrical box purchased from another company/vendor/ unauthorized person.

FACILITIES EXCLUSIVE RESPONSIBILITIES/ LABOR NEEDS

- Additional power drops from overhead are chargeable on a time and material basis.
- Special handling of electrical signs or apparatus, hook-up of electrical equipment, and repairs or installation of electrical will be done on a time and material basis.
- All outlets over 15 amps and with a voltage of over 120 volts require electrical labor. This includes a one-hour minimum to inspect exhibits that are pre-wired to plug into our system.
- As the exclusive in-house contractor, we will be responsible for the following:
 - a) All distribution of electrical wiring under carpet or flooring.
 - b) All distribution overhead of electrical wiring, including coaxial cable and fiber optics, and the distribution of same from product to booth and from booth-to-booth.
 - c) All motor and equipment hook-ups requiring electricity.
 - d) Installation and/or repair of electrical fixtures.
 - e) Installation of electrical motors and apparatus to be energized.
 - f) Motorized hoists, truss and lighting installation.
 - g) Installation and removal of all overhead electrical signs, trusses, motors, or apparatus.

FACILITIES EXCLUSIVE RESPONSIBILITIES/ LABOR NEEDS (continued)

- h) Installation and removal of free-standing electrical signs which require assembly, rotating electrical signs, sequencing electrical signs and various related applications, and the operation of such equipment. See *Rigging: Hanging Sign Services Order Form* (page 28) for instruction on hanging electrical signage.

ELECTRICAL CODE

Too frequently, fires have been traced to faulty wiring due to carelessness or lack of understanding of the risks involved in wiring. In the interest of public safety, exhibits in the Sands Expo & Convention Center may be inspected to determine if any violation exists. If violations are found, qualified personnel are available to correct the problems. This work will be performed on a time and material basis. If the exhibitor does not wish to have the fault corrected, electrical service to the offending booth will not be energized. If an exhibitor does not understand basic safety standards, a qualified person should be consulted before the exhibit is sent to the Sands Expo & Convention Center. Serious risks can be eliminated by understanding basic requirements of safe wiring within your booth. For the safety of yourself and the public, remember these points:

- All extension cords that run under the carpet or flooring must be provided and installed by SES.
- All extension cords taped to the top of any carpet or flooring within booth space or meeting space must be supplied and installed by SES.
- All wiring utilized for booth work must have a 3-wire grounded cord with a minimum of #14 gauge.
- Spotlights or floodlights are a hazard when lamps are too close to fabrics or other material which can be affected by heat. The use of clip-on sign sockets, latex or lamp cord wire in displays, or the use of two-wire fixtures is prohibited. Zip cords or two-wire cords are undergrounded and could result in safety hazards. Their use is forbidden in all convention facilities.
- Electrical requirements for an exhibit at the Sands Expo & Convention Center are for the safety of all exhibitors and are based on national and city electrical codes and ordinances.
- Local ordinances prohibit more than 2,000 watts/20 amps per lighting circuit and only one connection for power and motor outlets.
- Electrical permits required by the local Building and Safety Code will be obtained by SES. No storage is allowed behind booth for fire safety reasons.

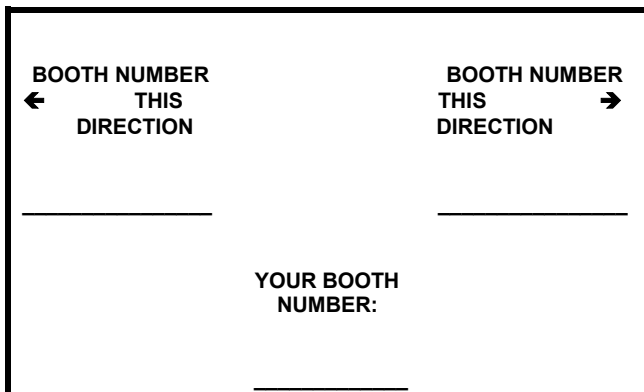

BOOTH LIGHTING INSTRUCTIONS

Please indicate placement of your booth lighting and return with your order. Packages A, B, C, and D are intended for in-line booths and for standard booth sets with booth lighting placed at the FRONT of the booth and hung from poles or stanchions only. All other installations will be completed on a labor and material basis.

The network connection provided by Specialized Event Services (SES) may be used only by the contracted corporation, its directors, officers, and employees, or guests when performing service for the company. **This service cannot be resold or distributed to any other company.** Users of the SES network will put forth every effort to avoid unnecessary network traffic and interference with the usage of others. Users of the network shall not transmit any communication which violates any local law or regulation or is likely to offend other users on the network. All devices on the SES network will be charged an access fee in the form of an additional IP address or a network package.

SES makes no guarantee of the performance, routing, or throughput of any data circuit connected to the Internet outside the facility's own backbone. Please call 702-733-5531 for assistance in planning your network.

SES requires all devices using the network to be protected by updated virus software, Windows security updates, and any other technological precautions deemed necessary to protect yourself and other users from viruses, malicious programs, pop-ups, pop unders, and other disruptive applications.

Any device which adversely impacts the SES network will result in service interruption with or without prior notice to the user at the discretion of SES. The device in question will remain disconnected until SES personnel deem that all issues have been resolved. No discount or refund will be issued in these circumstances. Additional feed for problem diagnosis and resolution will apply.

LIMITATIONS

VPN (Virtual Private Networks) may not work at lower-speed connections. VPN should work with dedicated Ethernet line, which is not behind a firewall and will require protection on the devices being connected to it. SES does not support VPN software or VPN concentrator issues and does not guarantee its success.

Labor includes configuration of devices and any changes made to SES equipment to enhance the exhibitor's network, running cable, tipping cable, or observing as the exhibitor makes changes to his own devices. No drivers or software will be loaded onto an exhibitor's device, and no hardware changes will be made to an exhibitor's device by an SES Internet technician. If a hub is rented, it may be picked up at the service desk. SES Internet will not deliver the hub to your booth. It is the customer's responsibility to be familiar with and understand their equipment if they chose to bring their own hub or switch. Technical assistance beyond the initial installation will be charged a labor rate. No refunds will be given if technical problems were encountered due to the use of customer-provided equipment, or customer's own computer settings in general.

Due to the unpredictable nature of the World Wide Web, SES does not warrant that the services provided will meet the user's requirements or that the user's access to and use of the services will be uninterrupted. SES cannot and does not guarantee the privacy, security, authenticity, or non-corruption of any information transmitted through the system from the Internet. If a situation occurs involving nonperformance of services furnished by SES, user's sole remedy shall be a refund of a pro-rata portion of the price paid for services which were not provided. No credit will be issued for periods of lost service with a duration less than eight hours.

INSTRUCTIONS AND CONDITIONS

- 1. SES IS THE EXCLUSIVE COMPRESSED AIR/WATER/DRAIN SERVICE PROVIDER. NO OTHER PROVIDER OR COMPRESSED AIR/WATER/DRAIN SERVICE WILL BE ALLOWED ON THE SHOW FLOOR.**
2. All material and equipment furnished by SES for these service orders shall remain SES property and shall be removed ONLY by SES personnel at the close of the show.
3. Wall, column, and permanent building utility outlets are not a part of booth space and are not to be used by exhibitors.
4. All equipment must comply with state and local safety codes.
5. Prices are based upon current wage rates and are subject to change without notice.
6. Exhibitors are encouraged to make their booth connections within their booth. The standard connector for compressed air connector for compressed air outlets is a ¼" AMFLO-C1 connector; the standard connector for water is ½" FIP connector. However, no modifications to facility system or equipment is allowed. Exhibitors who are in violation of this will be charged an hourly service charge to repair system or equipment.
7. Special equipment requiring company engineering or technicians for assembly, servicing, preparatory work and operation may be executed without SES Plumbing personnel. However, if exhibitor requests labor from SES, they will be charged an hourly service charge for these services.
8. Equipment using water must have inlet and outlet properly marked and identified.
9. Unless otherwise directed in writing by exhibitor or his representative, SES Plumbing personnel may be required to cut floor coverings to permit installation of service.
10. Connection rates listed cover bringing service from main line to booth and do not include connecting equipment. Standard placement for compressed air, water, and drain outlets is at the back wall of line (in-line) and peninsula booths. For island booths, outlets will be placed in the center of the booth (or at our discretion) unless we receive a floorplan indicating the main location where you require your services.
11. Due to the portable nature of the air lines in the Sands Expo & Convention Center (SECC), we recommend that exhibitors supply a filter or other equipment to limit the moisture or water in lines.
12. Special supplies such as regulators, strainers, traps, and other such specialized equipment as may be necessary for your booth should be ordered with 30 days written notice. Every effort will be made to provide you with all special requirements.
13. All utility outlets include up to 50' of accomplished distance. Use of additional footage or equipment will be charged at the prevailing labor and material rates.
14. Any of your plumbing services that require electricity or electrical labor to connect and/or operate should be ordered on the "*Electrical Services Order Form*". You will also be charged for electrical outlets for any services which require power for special plumbing needs, such as pumps, ejectors, and/or compressor outlets.
15. Automatic Fire Sprinkler System (AFSS) must comply with National Fire Protection Act #13. All booths must comply with these requirements. It is not the responsibility of SES nor the SECC to approve or deny your exhibit floorplans. All questions should be addressed to Clark County Fire Department at 702-455-7100. SES is the exclusive provider at the SECC for this service. When AFSS is required in your booth, please order at www.SandsExpo.com or call 702-733-5070. The mailing address is: Sands Expo & Convention Center, Order Processing Dept., 201 Sands Avenue, Las Vegas, NV 89169.
 - a) Plan view drawing of the display indicating (by shading) the areas/elements that are covered including stairwells and their dimensions. Walks, kiosks, showcases or products with less than 20" of clearance from bottom of the deck or ceiling must be indicated with dimensions.
 - b) Please send perspective/isometric drawings to better define your display.
- 16. All on-site plumbing orders are subject to availability of labor and services.**
- 17. All on-site plumbing orders may be delayed due to the nature and requirements of services ordered.**
